

WEEKLY UPDATE

10/06/2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 25 residents test positive for COVID19, 21 have recovered. We have had 16 staff members test positive of which 15 have recovered. We have recently had 4 additional residents test positive for COVID 19. The individual(s) have been moved to the isolation (COVID) unit to better monitor and limit possible exposure. Due to the most recent infections we are unable to move forward with indoor visitation next week, however we can still schedule outdoor visits. If you are interested in setting up an appointment for outdoor visitation please email m.kamran@fundlhc.com.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 972-231-8833.

Sincerely,

Mubashir Kamran
